# 1. How to find us

- The best is to use a gps.
- Official adress is « 2 rue de la Petite Martinie, 16320 Magnac-Lavalette-Villars ».
- If you can't find it try "les Petites Martinies" ou "La Martinie", 16320 Magnac-Lavalette-Villars". On google maps, "camping les Petites Martinies" is easy to find.

# 2. Parking...

Come here with your car

Follow the arrow !

You enter here (Walking!)

If you are travelling by bicycle or motorbike you can bring it here (no cars allowed)

**Park your car here**

**Ring the bell at our door ! If nobody comes we are probably away, so go to the next step !**

# 3. Access to the B&B

Enter the white gate

On your left there's a bay-window, this is the main entrance ! (It's never locked but please close it to keep heat/freshness inside)

# 4. You are inside

Welcome to the common main room ! There's a kitchen and a wide table. You can use everything and share with other guests.

# 5. Your bedroom

The hallway upstairs give access to 3 bedrooms

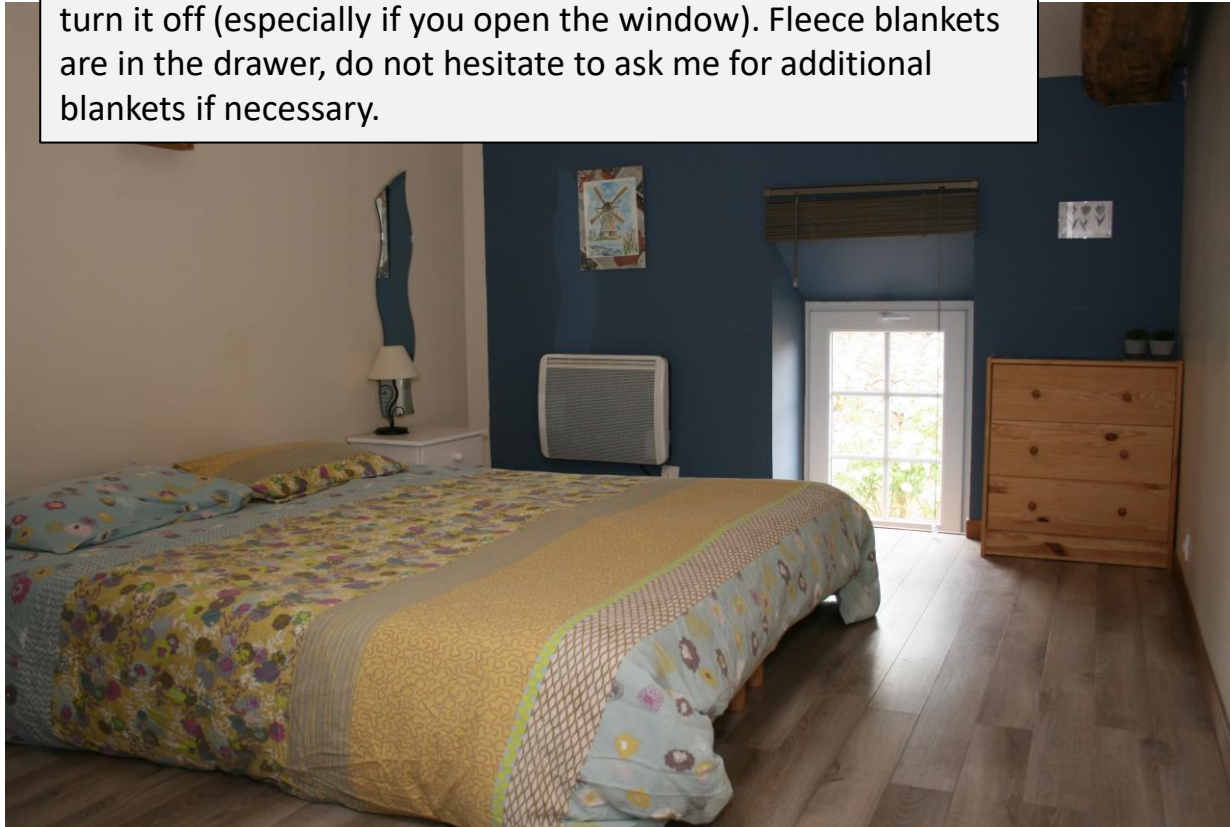

Which one is yours ?

Your name is written on the door!

Your door is equipped with a code lock. The door will not be locked when you arrive and you will find the code on a post-it in your room. You can therefore lock your door when you are away.

You are there, your bed is ready to welcome you for a well-deserved rest (sheets provided). In winter, the room is heated by an electric radiator. You can adjust it as you like and even turn it off (especially if you open the window). Fleece blankets are in the drawer, do not hesitate to ask me for additional blankets if necessary.

You have a private bathroom with shower and WC. Towels are provided (but not shower gel or shampoo). A towel radiator provides heating. It's up to you to adjust it to your convenience.

In each bedroom there is a roof window equipped with a blackout blind. The blind and the window can be manipulated using a wooden pole fitted with a hook which is located in the room. Please be gentle in your handling and do not let children play with the pole.

# 6. Life on bord...

On the refrigerator you will find the products that I provide for your breakfast. In the refrigerator you can find butter and jam. You can also store your fresh products here.

## The kitchen area

The kitchen is at your disposal, do not hesitate to use it. Basic products are available as well as something to prepare you a breakfast. You can cook, make coffee, tea...

Dishwasher: Limit washing dishes by hand! Place your dishes in it and start it when it is full.

For your waste, the black bin is under the sink. Please throw paper and plastics in the trashcan with the green lid. Please sort your waste. Leave the glass next to the trashcan.

# Main room, life place...

The common room is available for everybody.

Please respect this place, do not spread your belongings out too much, clean up after cooking. Leave space for others in the refrigerator. Remember that you are not the only user. It's a place to live!

In winter, heating is provided by a pellet stove and fans for good heat distribution. Please do not touch it, do not let children play with the different controls. If you have any problems call me 06.74.22.18.10

## Be discreet, respect your neighbors

It's an old house with its drawbacks. Wooden floors conduct sound very well and despite insulation, nothing is perfect. Please be as discreet as possible, especially when returning late or leaving early!

### **NO SMOKING !**

Please smoke outside, an ashtray is on the wall on the left side of the bay-window.

Free WiFi access by «WIFI-clients» ,  
no password required

- Beware of Bonnie (the cat), she's very kind but she will try to enter, please don't lock her in the room !!
- If you need something or if something is disworking, call me or send me a message +33 6 74221810. Or ring the bell !

**Have a nice stay!**

# 7. End of the journey

You must quit the room **before 12h00**

Before you leave, please **close the windows, switch off the lights and the radiators.**

Don't forget your belongings !!! Check around !

We hope you have had a nice stay.
